

SOILLE SAN DIEGO HEBREW DAY SCHOOL RECRUITMENT PRINCIPLES

Recruitment Principles

At this time of the school year, as our current families are busy registering their children for the coming school year, and as new, incoming families are deciding to enroll their children to join with our Hebrew Day School families, it is appropriate for us to review the principles of fairness which we uphold. Amongst those principles are that, out of respect for individual choice and for fellow Jewish day schools, we do not initiate the transfer of students from other Jewish day schools into Hebrew Day School. We further do not actively recruit families whose children currently are enrolled in another Jewish or independent school. This principle means that even as current parents, when you share your enthusiasm for the Hebrew Day School education your child is receiving, you do not solicit the other family to change schools or to apply to our school. Only the interested family themselves may initiate contact to consider enrollment for the coming school year.

Please understand that the growth we are enjoying is very exciting. It confirms that Hebrew Day School 's striving for ever higher standards of excellence, and our school's well deserved reputation for respecting all families is being more widely appreciated. We feel that we can effectively educate a larger student population and manage sustained growth. However, as in all worthy endeavors, we will achieve growing enrollment while upholding, throughout our school community, the highest ethical principles. Thank you for your cooperation.
