San Diego Hebrew Day
Health Assessment Record

To Parent or Guardian:
In order to provide the best educational experience, school personnel must understand your child's health needs. This form requests information from you. State law requires complete primary immunizations and a health assessment by a legally qualified practitioner of medicine, an advanced practice registered nurse or registered nurse, a physician assistant or the school medical advisor prior to school entrance in California. An immunization update and additional health assessments are required in the Kindergarten and 1st grade and in the 7th and 8th grade. Specific grade level will be determined by the local board of education. This form may also be used for health assessments required every year for students participating on sports teams.
